### CUSTOM PANELS

Custom panels offer the best convenience and appearance. Ideal when you use consistent sized fences. We custom make each panel length to your specifications. All four edges are hemmed and eyeleted for strength and ease of installation. Easily move or change your fences without the need to cut the mesh.

### FULL ROLLS

Full rolls are the most cost effective option. At 50m long you get plenty of coverage. We can split the rolls into shorter custom lengths for your convenience. Logos and branding are repeated across the entire length of the roll. Best suited for static applications as each vertical cut reduces fixing points on the ends.

## THREE GRADES OF MESH TO CHOOSE FROM

	1 MAX	2 LITE	3 FLOW
<b>STRENGTH</b>	BEST	BETTER	GOOD
<b>HIGH WINDS</b>	FAIR	GOOD	BEST
<b>PRIVACY</b>	BEST	BETTER	GOOD
<b>PRINT QUALITY</b>	BEST	BETTER	GOOD
<b>EASE OF USE</b>	BEST	BEST	BEST
<b>LIFESPAN</b>	BEST	BEST	BEST
